

Press Release

Neurosoft New Project Assignment 2023

07 September 2023 - **Neurosoft S.A.**, a fully integrated ICT Company with System Integration and Information Technology Security Capabilities, listed on Euronext Growth Milan market ([GRS802003004](#), [Reuters NRST.MI](#), [Bloomberg NRST:IM](#)) for which Banca Investis is Euronext Growth Advisor – announces here below that the company, that has participated to a RFP issued by a client operating in the field of energy, has been awarded with a new project for the supply of equipment and the provision of Field and Maintenance and Support Services.

The entire project has a total duration of 60 months and it is divided in two phases a) design & implementation phase (which will be concluded within the first 36 months) and b) support phase.

The total contract value for Neurosoft will be overall equal to €13,6 mln. The annual revenue is expected to be approx. €3 mln for the first year and approx. €2,65 mln for the remaining four years.

More specifically, the RFP covered two business lots:

- Lot 1: “Supply of required equipment and provision of related services of design, implementation and support of synchronous SD LAN data network for all building installations”, with an overall budget of €26 mln (of which €12,5 mln assigned to Neurosoft). The Company, who cooperated with another counterpart for this lot, participated for 49% of the overall budget. The technical proposal is based on advanced networking solutions, and includes sophisticated design and implementation services, as well as maintenance and support services. The deployment of the new technology will cover 150 points of interest nationwide.

- Lot 2: “Supply of required equipment and provision of relevant services for design and implementation of modern cabling and construction of control/data rooms at the installation points of the SD LAN network”, with a budget of €12 m (of which 1.1 mln assigned to Neurosoft). The Company participated as a named subcontractor for Lot 2, providing field implementation services.

Following a demanding evaluation process that included technical presentations and submission of best and final offers, the client awarded the contract in 31st August 2023. The contract final signature is expected during the Q4.2023 subject to final procedural steps.

Any change to the above calendar will be promptly communicated to the market.
