

Neurosoft's has been awarded the "Provision of ICT Operator Services at the Stavros Niarchos Foundation Cultural Center (SNFCC)"

Project Title : The Stavros Niarchos Foundation Cultural Center (SNFCC) Project – Provision of ICT Operator Services

Neurosoft S.A. - a premier software house, listed on AIM Italia market ([GRS802003004](#), Reuters [NRST.MI](#), Bloomberg [NRST:IM](#)) for which *Integrae SIM* is Nominated Adviser – announces the award of a new five year contract concerning the "Provision of ICT Operator Services at the Stavros Niarchos Foundation Cultural Center (SNFCC).

Neurosoft has been awarded the provision of a full ICT Operator Service including the software components to support the service and assure high quality and optimal user experience. Neurosoft shall offer a full range of comprehensive ICT Operator Services of three levels, ranging from everyday operational support to specialized data center services support requiring deep knowledge and experience.

The project awarded, concerns Operator Services for IT and Telecommunications infrastructure equipment and works at the SNFCC (Data Network System, IP Telephony, Wireless LAN, Servers/Storage, Infokiosks, Thin Clients, Library RFID, IPTV, Private Mobile Radio System) and follows the successful implementation of the relevant implementation project.

"The award of this new contract is evidence of Neurosoft's continued ability to successfully satisfy its clients' needs, building strong and essential bonds and achieving business continuity, as well as to manage all aspects of operations for organizations which choose to outsource such complex responsibilities," said Neurosoft's CEO Nikolaos Vasilonikolidakis.

The SNFCC is one of the most important projects, starting in the midst of the economic crisis including emblems such as the Greek National Opera (GNO) and the National Library of Greece (NLG) surrounded by the 210.000m² Stavros Niarchos Park. Such a project contributes greatly to cultural life in Athens, leading to a more diversified environment in terms of artistic expression.

The SNFCC was developed through an exclusive grant by the Stavros Niarchos Foundation, and designed by the Renzo Piano Building Workshop, with the aim to become an urban, multifunctional complex for education, the arts and entertainment. The SNFCC will be delivered by the Foundation as a gift to the Greek State.

Neurosoft S.A., a Greek company listed on the AIM Italia market, organized and managed by the Italian Stock Exchange ([ISINGRS802003004](#), [Reuters NRST.MI](#), [Bloomberg NRST:IM](#)), is a software development company which has evolved into a fully integrated ICT company with Software Development and System integration capabilities supplying solutions that optimize business and operational processes with a view to maximizing customer profitability.
